GPPH PRODUCTS OFFER

GET THE ADVANTAGE OF GPPH PRODUCTS BY MAKING PRECISE CONSTRUCTIONS IN A MUCH SHORTER TIME!

BY GPPH

arctech
Zváracia a rezacia technika

We think outside the box, and the results are easily seen in our creative solutions. We believe that everything we do challenges the "status quo." We change the world by helping other companies to become stronger. It just so happens that we produce excellent welding tools, which are not only user-friendly but also beautifully designed. Our mutual respect and pursuit of the highest goals result in cooperation with the best specialists in the industry around the world.

## PROFESSIONAL APPROACH
TO PRECISION WELDING

MADE IN POLAND

TABLE OF CONTENTS

*all prices are quoted Net
**all prices are for 16 and 28 fixing system

WORK SMARTER, NOT HARDER

WELDING TABLE PROVIDES FAST AND ERROR-FREE OPTIONS FOR MACHINING A SIMPLE 2D-CONSTRUCTION (E.G. BUILDING OF RAILINGS), BUT ABOVE ALL, PRECISE WORK ON OBJECTS WITH A LARGER NUMBER OF DIMENSIONS.

TRADITIONAL WELDING TABLES PRO

TECHNICAL PARAMETERS

✓ Stable and massive construction

✓ The highest quality of workmanship

✓ Perfect flatness of the table [+/- 0,5mm]

✓ Made of S355J2+N

✓ Holes of system ø16 in the grid 50x50mm or 100x100mm or holes of system ø28 in the grid 100x100mm

✓ Three grids of holes on the 4 sides

✓ Chamfered and milled holes for easy tool assembly

✓ Engraved scale in the grid 100x100mm

✓ Height adjustment of the table with standard legs approx. 880-930mm

✓ Possibility of using stainless steel covers

✓ Tables can be combined freely to extend a working surface

✓ All tables are reinforced with ribs

✓ Produced with standard ISO 2768-1

✓ Milled worktop edges

• Thickness 15mm

• Table legs made of profile 100x100mm

• Capacity: 700kg/leg*
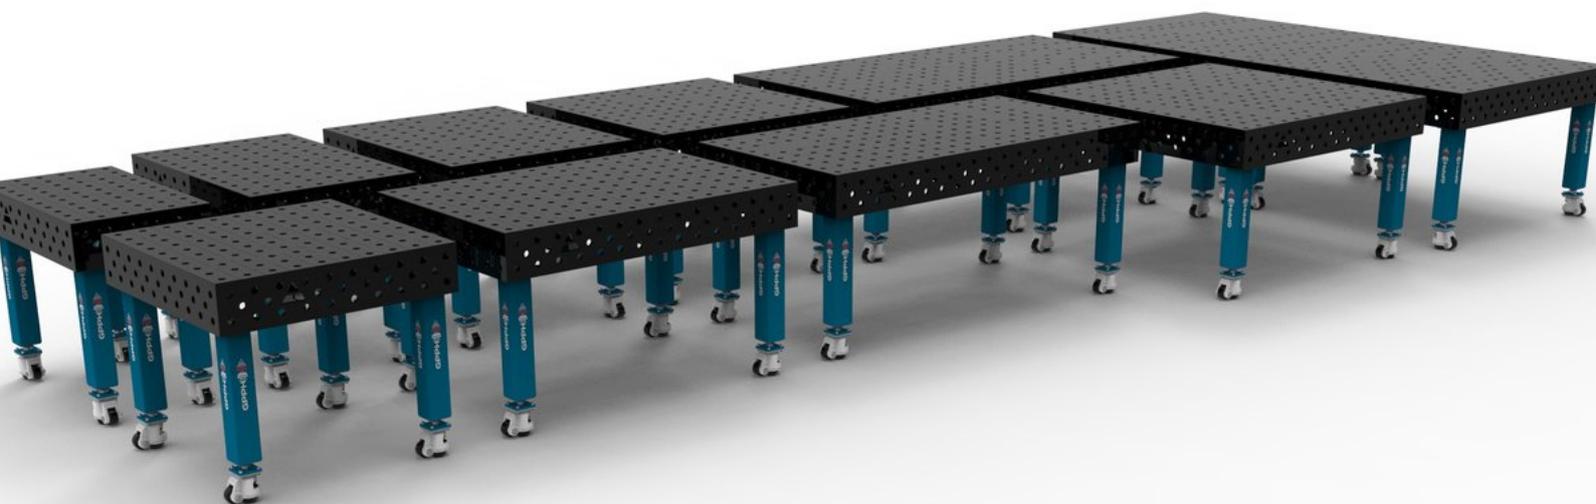

*Applies to standard legs on the foot. When it comes to legs on wheels, it is the static load capacity - it refers to the situation where the table is supported on the feet protruding from the wheels.

DIMENSIONS OF TRADITIONAL WELDING TABLES^{PRO}

GPPH TRDITIONAL WELDING TABLE^{PRO}
TWT.PRO.300148

- length x width: 3000x1480mm
- side plate: 200mm
- table weight: approx. 980 kg
- capacity: 5 600 kg
- number of legs: 8
- net price [ø16, grid 50x50]: 6 090 €
- net price [ø16, grid 100x100]: 5 580 €
- net price [ø28, grid 100x100]: 5 580 €

GPPH TRDITIONAL WELDING TABLE^{PRO}
TWT.PRO.240120

- length x width: 2400x1200mm
- side plate: 200mm
- table weight: approx. 630 kg
- capacity: 4 200 kg
- number of legs: 6
- net price [ø16, grid 50x50]: 3 670 €
- net price [ø16, grid 100x100]: 3 290 €
- net price [ø28, grid 100x100]: 3 290 €

DIMENSIONS OF TRADITIONAL WELDING TABLES^{PRO}

GPPH TRDITIONAL WELDING TABLE ^{PRO}
TWT.PRO.200100

- length x width: 2000x1000mm
- side plate: 200mm
- table weight: approx. 460 kg
- capacity: 2 800 kg
- number of legs: 4
- net price [ø16, grid 50x50]: 2 930 €
- net price [ø16, grid 100x100]: 2 590 €
- net price [ø28, grid 100x100]: 2 590 €

GPPH TRDITIONAL WELDING TABLE ^{PRO}
TWT.PRO.150148

- length x width: 1500x1480mm
- side plate: 200mm
- table weight: approx. 460 kg
- capacity: 2 800 kg
- number of legs: 4
- net price [ø16, grid 50x50]: 3 050 €
- net price [ø16, grid 100x100]: 2 790 €
- net price [ø28, grid 100x100]: 2 790 €

DIMENSIONS OF TRADITIONAL WELDING TABLES PRO

GPPH TRDITIONAL WELDING TABLE PRO
TWT.PRO.150100

- length x width: 1500x1000mm
- side plate: 200mm
- table weight: approx. 370 kg
- capacity: 2 800 kg
- number of legs: 4
- net price [ø16, grid 50x50]: 2 690 €
- net price [ø16, grid 100x100]: 2 390 €
- net price [ø28, grid 100x100]: 2 390 €

GPPH TRDITIONAL WELDING TABLE PRO
TWT.PRO.120120

- length x width: 1200x1200mm
- side plate: 200mm
- table weight: approx. 350 kg
- capacity: 2 800 kg
- number of legs: 4
- net price [ø16, grid 50x50]: 2 460 €
- net price [ø16, grid 100x100]: 2 140 €
- net price [ø28, grid 100x100]: 2 140 €

DIMENSIONS OF TRADITIONAL WELDING TABLES^{PRO}

GPPH TRDITIONAL WELDING TABLE^{PRO}
TWT.PRO.120100

- length x width: 1200x1000mm
- side plate: 200mm
- table weight: approx. 320 kg
- capacity: 2 800 kg
- number of legs: 4
- net price [ø16, grid 50x50]: 2 190 €
- net price [ø16, grid 100x100]: 1 940 €
- net price [ø28, grid 100x100]: 1 940 €

GPPH TRDITIONAL WELDING TABLE^{PRO}
TWT.PRO.12080

- length x width: 1200x800mm
- side plate: 200mm
- table weight: approx. 270 kg
- capacity: 2 800 kg
- number of legs: 4
- net price [ø16, grid 50x50]: 1 900 €
- net price [ø16, grid 100x100]: 1 620 €
- net price [ø28, grid 100x100]: 1 620 €

DIMENSIONS OF TRADITIONAL WELDING TABLES^{PRO}

GPPH TRDITIONAL WELDING TABLE^{PRO}
TWT.PRO.100100

- length x width: 1000x1000mm
- side plate: 200mm
- table weight: approx. 280 kg
- capacity: 2 800 kg
- number of legs: 4
- net price [ø16, grid 50x50]: 1 880 €
- net price [ø16, grid 100x100]: 1 590 €
- net price [ø28, grid 100x100]: 1 590 €

GPPH TRDITIONAL WELDING TABLE^{PRO}
TWT.PRO.10060

- length x width: 1000x600mm
- side plate: 200mm
- table weight: approx. 210 kg
- capacity: 2 800 kg
- number of legs: 4

TRADITIONAL WELDING TABLES ECO

TECHNICAL PARAMETERS

✓ Stable and massive construction

✓ The highest quality of workmanship

✓ Perfect flatness of the table [+/- 0,5mm]

✓ Made of S355J2+N

✓ Holes of system ø16 in the grid 50x50mm or 100x100mm or holes of system ø28 in the grid 100x100mm

✓ Three grids of holes on the 4 sides

✗ Chamfered and milled holes to facilitate the assembly of tools (holes in the basic ECO version are laser cut)

✓ Engraved scale in the grid 100x100mm

✓ Height adjustment of the table with standard legs approx. 880-930mm

✓ Possibility of using stainless steel covers

✓ Tables can be combined freely to extend a working surface

✓ All tables are reinforced with ribs

✓ Produced with standard ISO 2768-1

✗ Milled worktop edges

- Thickness 8mm
- Table legs made of profile 60x60mm
- Capacity: 250kg/leg*
- Tools from the PLUS series, fixed with the PLUS/ECO bolt, are compatible with the ECO series welding tables
- Table extensions and connectors from the ECO series are intended to increase the working surface of the ECO tables

*Applies to standard legs on the foot. When it comes to legs on wheels, it is the static load capacity - it refers to the situation where the table is supported on the feet protruding from the wheels.

DIMENSIONS OF TRADITIONAL WELDING TABLES^{ECO}

GPPH TRDITIONAL WELDING TABLE^{ECO}
TWT.ECO.300148

- length x width: 3000x1480mm
- side plate: 200 mm
- table weight: approx. 530 kg
- capacity: 2 000 kg
- number of legs: 8
- net price [ø16, grid 50x50]: 3 180 €
- net price [ø16, grid 100x100]: 2 760 €
- net price [ø28, grid 100x100]: 2 760 €

GPPH TRDITIONAL WELDING TABLE^{ECO}
TWT.ECO.240120

- length x width: 2400x1200mm
- side plate: 200 mm
- table weight: approx. 340 kg
- capacity: 1 500 kg
- number of legs: 6
- net price [ø16, grid 50x50]: 1 900 €

NEED MORE MOBILITY OF YOUR WELDING TABLE?

CHECK OUT OUR OFFER OF WELDING TABLES
ON LEGS WITH WHEELS!

Net prices of a leg with a wheel in different versions of GPPH Traditional Welding Tables*:

Version PRO	64 €
Version PLUS	55 €
Version ECO	43 €

*The price of a leg on a wheel should be multiplied by the number of legs in the selected dimensional version, and then the total should be added to the net price of the chosen Welding Table.
When ordering legs with wheels, the customer receives only this version of the legs (no legs with feet).

DO YOU WELD STAINLESS STEEL ELEMENTS AND STRUCTURES?

CHECK OUR OFFER OF STAINLESS STEEL COVERS FOR GPPH TRADITIONAL WELDING TABLES!

The covers are made of 1mm thick stainless steel.
Put a cover on the Traditional GPPH Welding Table to transform it into an ideal table for welding stainless steel.
The hole pattern of the stainless steel cover is the same as the hole pattern of a Traditional Welding Table.
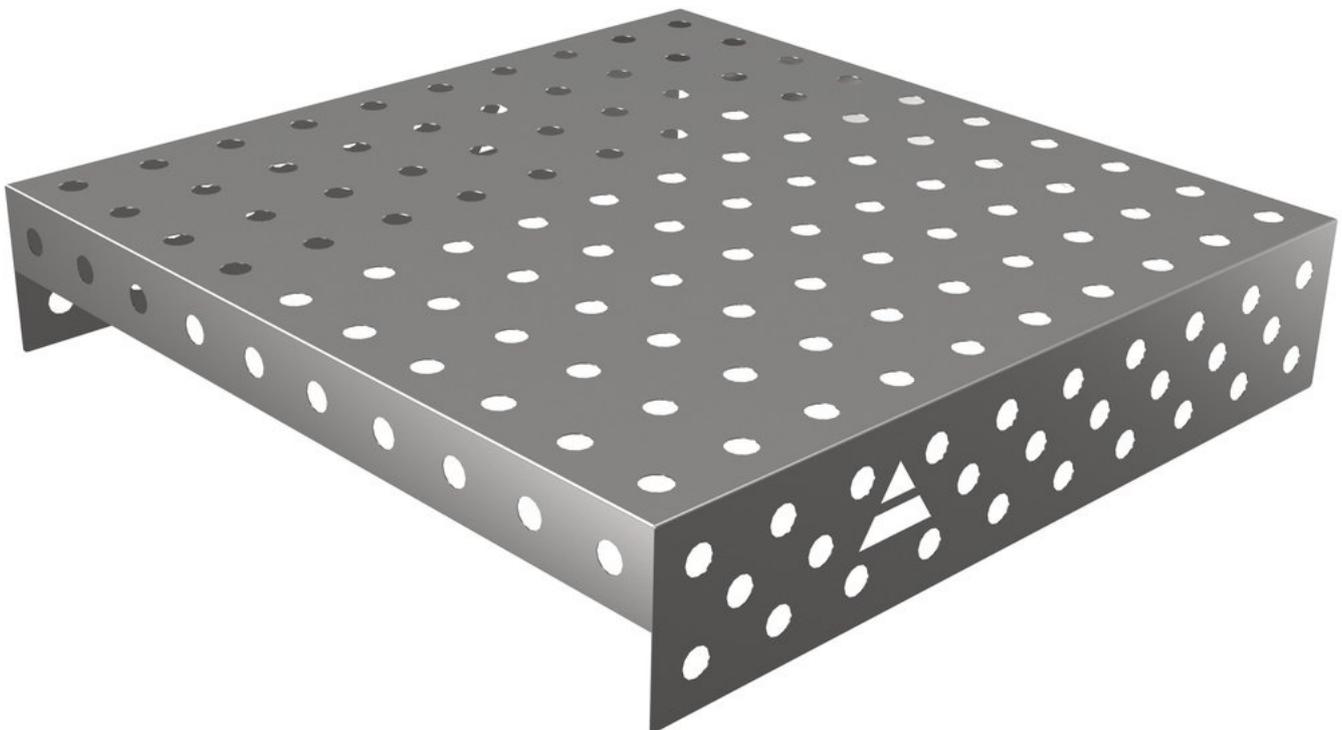

*Valuation of the stainless steel cover only on request.

ASSEMBLY-WELDING TABLE DIY

TECHNICAL PARAMETERS

- Length x width: 1200x800mm
- Stable screwed frame construction
- Tables can be combined freely to extend a working surface
- The highest quality of workmanship
- Produced with standard ISO 2768-1
- Perfect flatness of the table [+/- 0,5mm]
- Made of S355J2+N
- Holes of system ø16 in the grid 50x50mm
- Engraved scale in the grid 100x100mm
- Leveling feet to compensate for unevenness of the flooring
- Height adjustment at the leveling feet
- Welded reinforcement ribs
- Thickness: 8 mm
- Capacity: 500 kg
- Table weight: approx. 90 kg
- Tools from the PLUS series, fixed with the bolt PLUS/ECO of the 16 system, are compatible with the DIY welding tables
- Net price: 690 €

TECHNICAL PARAMETERS

ASSEMBLY-WELDING TABLE DIY CONSISTS OF:
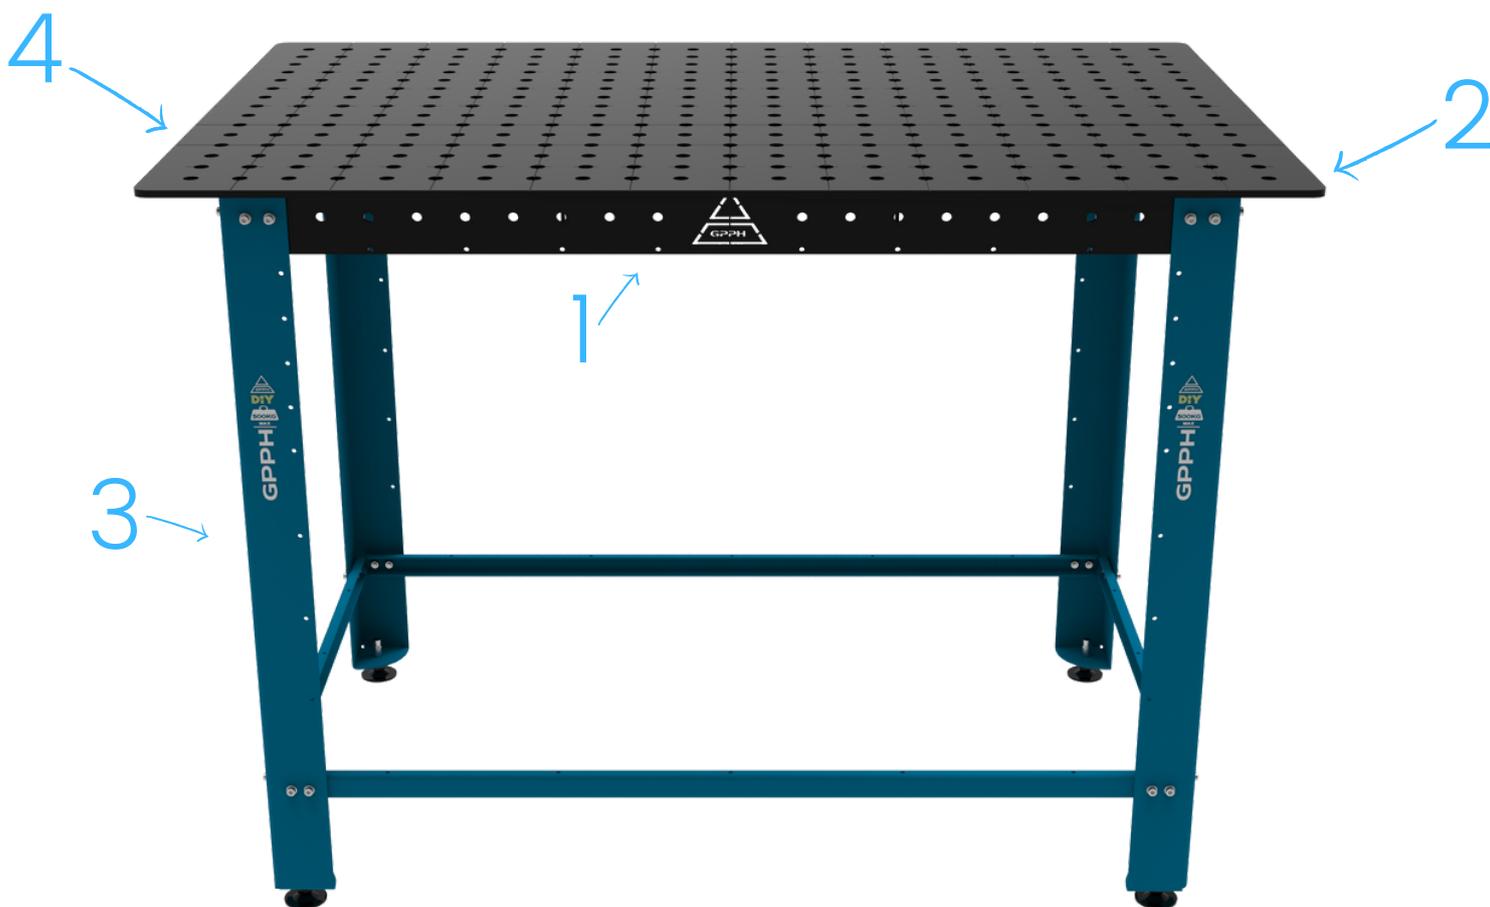

1. **Metal rigid frame** reinforced with ribs
2. **Working table** 8 [mm] thick made of S355J2+N steel
3. **Legs** equipped with leveling feet to compensate for unevenness of the flooring
4. **Engraved scale** in the grid 100x100 [mm] and assembly holes of system 16, in the grid 50x50

APPLICATIONS OF THE ASSEMBLY-WELDING TABLE DIY
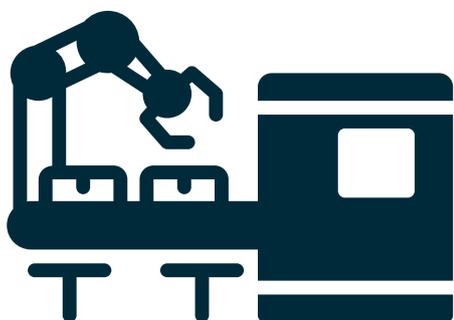

AS A TABLE FOR CNC MACHINERY

The DIY assembly-welding table is ideal for use in the production plants as an auxiliary table for the replacement of jigs in the tool holders and measurements of the produced components.

FOR DIY-MEN

The DIY assembly-welding table is perfect to pursue your passions e.g. welding or do-it-yourself. It facilitates operations with the tools of any DIY-man.

FOR JOINERS

It facilitates the cutting and assembly of furniture components. Additional equipment assists in the fitting of the components, used during the works, with greater accuracy and facilitates working alone.

FOR MECHANICS

It is particularly suitable for repairs of vehicle components and during welding, grinding works, and other works related to mechanics.

APPLICATIONS OF THE ASSEMBLY-WELDING TABLE DIY

FOR WORKSHOPS

The DIY assembly-welding table is ideal for fixing the drill, vice, and other workshop tools. It ensures that ground components are firmly attached to the worktop.

FOR WELDERS

The additional equipment of the DIY assembly-welding table makes that welding works are accurate, comfortable, and quick. Execution of small and large welding batches has never been this easy!

FOR CONSTRUCTION WORKERS

It is light and mobile and therefore it can be taken to any construction site. It can be used to cut the materials and weld the components directly on the construction site.
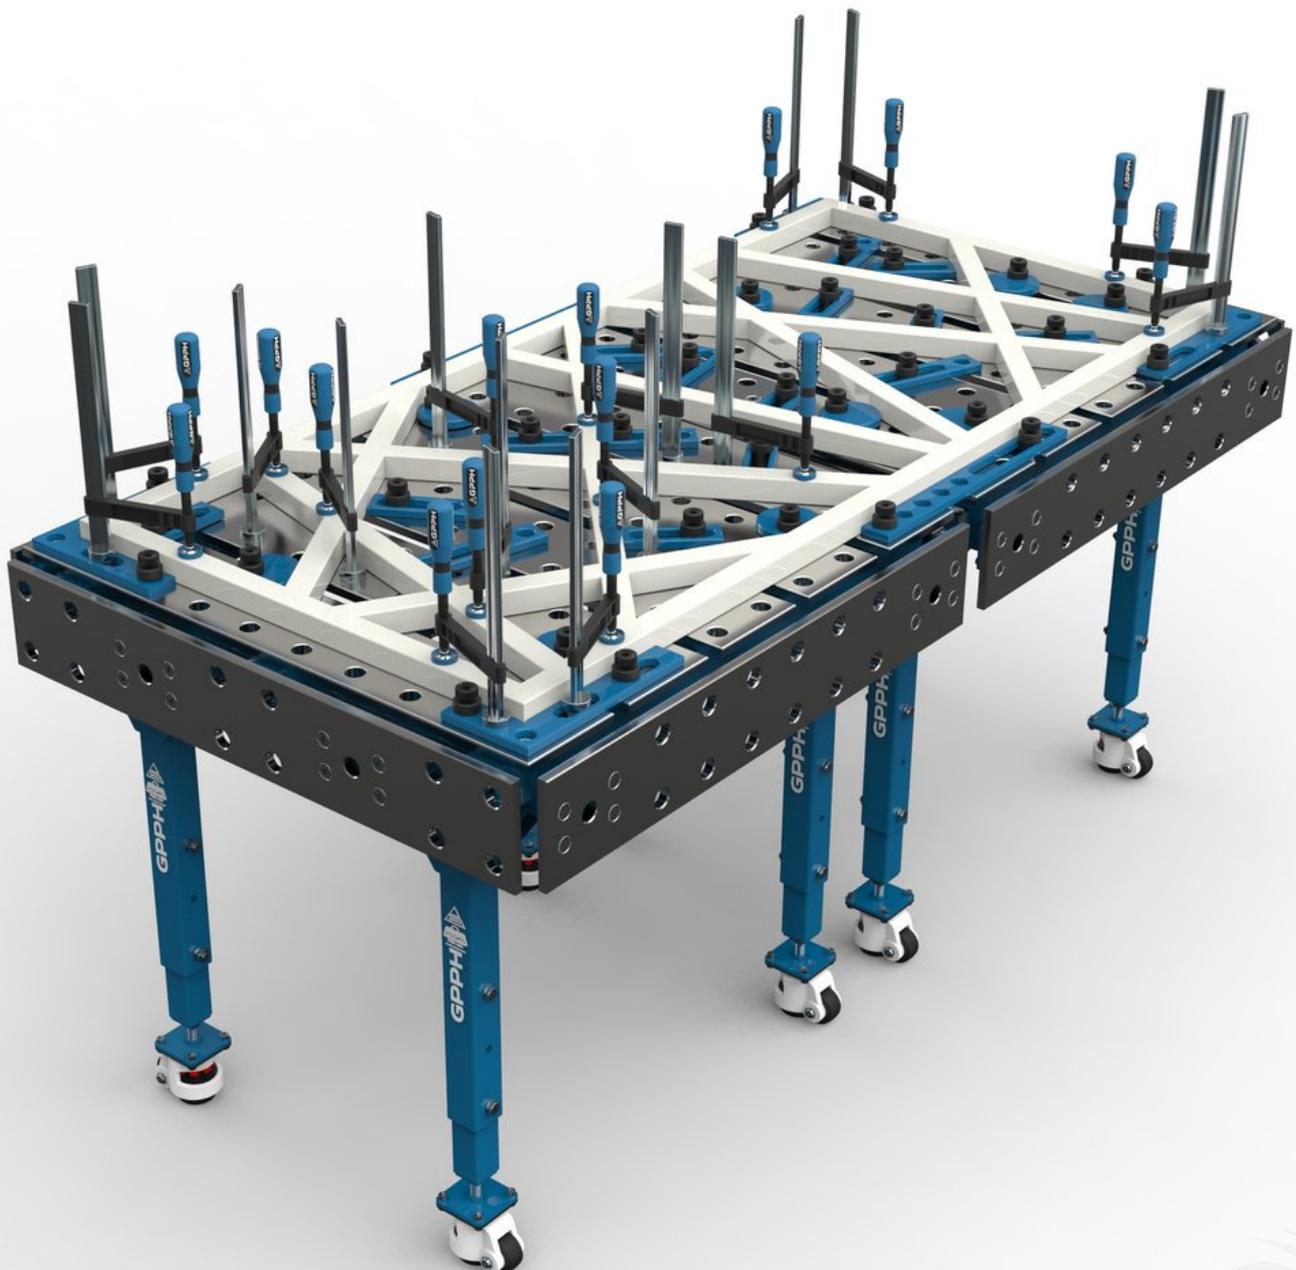

FOR FARMERS

Ideal as an assembly-welding table for production and repair of the components of the agricultural machinery. It is perfect also during service and maintenance operations of wear and tear parts.

MODULAR WELDING TABLES

TECHNICAL PARAMETERS

- Stable construction
- The highest quality of workmanship
- Perfect flatness of the table due to the ability to adjust the surface in three places
- Hole and slot possibility of tools installation
- Two versions of worktop plates:
    - material: S355J2+N
    - material: tool steel subjected to the following machining processes: nitriding + oxidation
- Thickness 15mm
- Holes of system ø28 in the grid 100x100
- Chamfered and milled holes for easy tool assembly
- Wheels with supports in the standard leg
- Adjustable supports in additional legs - in staggered versions
- Adjustable table height in the range of 850mm – 1150mm, P=50mm
- Tables can be combined freely to extend a working surface
- Milled plate surface
- Set of side plates purchase option
- Produced following standard ISO 2768–1
- Capacity: 250kg/leg
- Tools from the PRO, PLUS, and ECO lines are also compatible with GPPH Modular Tables

TECHNICAL PARAMETERS

SINGLE TABLE

We offer three standard versions. They are ideal for smallscale production or serve as the basis for unlimited expansion of the surface of the welding station.

EXTENDABLE SINGLE TABLE

Each table from our offer can be unfolded thanks to sliding plates and the use of additional legs.

DOUBLE TABLE

The most popular sets are sets composed of two single tables. The design of the tables allows expansion in every direction.

SET WITH A LARGE WORK SURFACE

Connection of two unfolded tables by means of connectors are the perfect solution for the spatial construction.
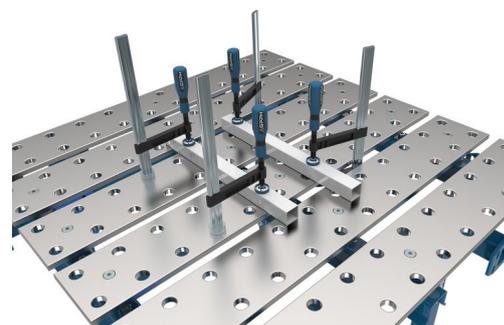

ADVANTAGES AND BENEFITS
OF MODULAR TABLES

PERFECT FLATNESS

Due to the possibility od adjusting the height of the countertops through spacers, the operator can set a perfect working surface of the table. This solution allows the user to use the table for many years while maintaining a perfect surface of the countertop.
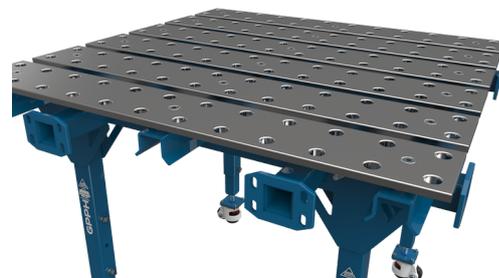

HOLE AND SLOT MOUNTING TOOLS

Ø28 holes are standard in the table in a 100x100mm grid. Besides, the design of our modular tables allows you to increase the number of places for mounting tools in the gaps between the top plates - increased ergonomics.

ADJUSTABLE PLATES

We can move them by increasing the working surface, as well as exchanging them for new ones, which affects the various adaptation of the table to the currently performed works and longevity of use.
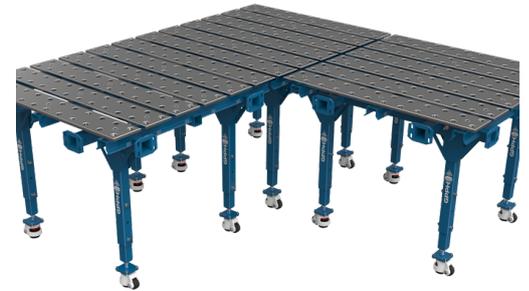

ADVANTAGES AND BENEFITS
OF MODULAR TABLES

INCREASING WORKING AREA

Done by sliding plates (as above), but above all, we obtain it by quickly joining together many tables in table set. The working area can be expanded in different directions. The operator can adjust the arrangement of tables depending on the current location in the production hall.

ADJUSTABLE TABLE HEIGHT

Range from 850mm to 1150mm, every 50mm. The possibility of adapting the station making an impact on the ergonomics of work for many operators.

FLEXIBILITY OF THE NUMBER
OF WELDING STATIONS

A variety of configurations, increasing the space by joining them, as well as increasing the number of positions by diving them.

NON-NITRIDED MODULAR WELDING TABLES

Material of worktop plates: S355J2+N

SINGLE TABLE

15001600 [mm]	1 930 €

GRINDING-WELDING STATION

TECHNICAL PARAMETERS

The grinding-welding station is intended for capturing and removing the dust and gases formed during grinding with a hand grinder or welding and metalworking operations. The station may be used with an exhaust fan or fan-powered filter equipment.

The GPPH grinding-welding station is available in three versions:
- Grinding-welding station - base
- Grinding-welding station - base with guards
- Grinding-welding station - base with top exhaust
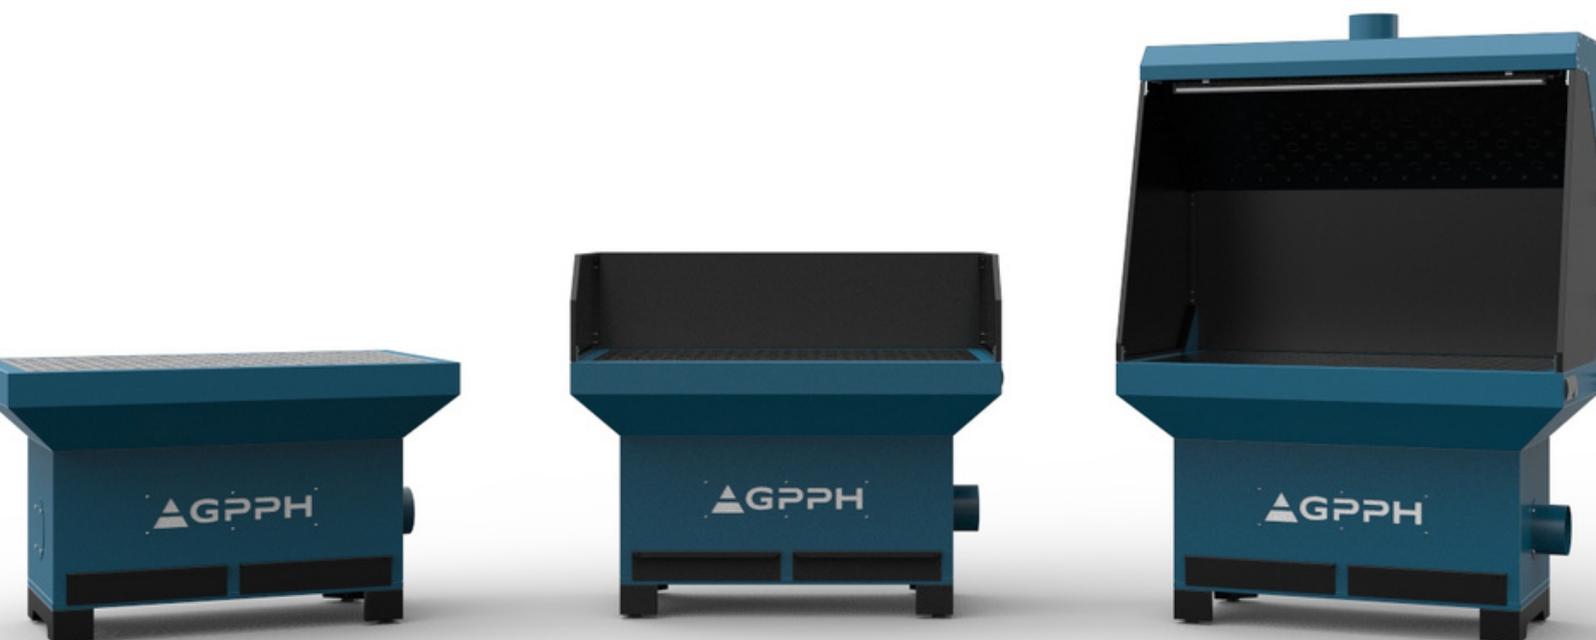

TECHNICAL PARAMETERS – BASE

FEATURES – BASE:
S.P.001 | Cat. No.

- The base is adapted for the installation of guards and a top exhaust system
- Connector Ø160mm installed in the side surface of the exhaust trough
- The air may be exhausted from the bottom through the table of exhaust trough
- Worktop made of 8mm sheet of the dimensions 1270x770 – assembly holes in the grid 100x100 of system 28 and additional holes for the exhaust for dust and gases
- Weight: 167 kg
- Recommended air flow: 3200 m3/h
- Resistance of flow: 250 Pa
- Net price: 2 390 €
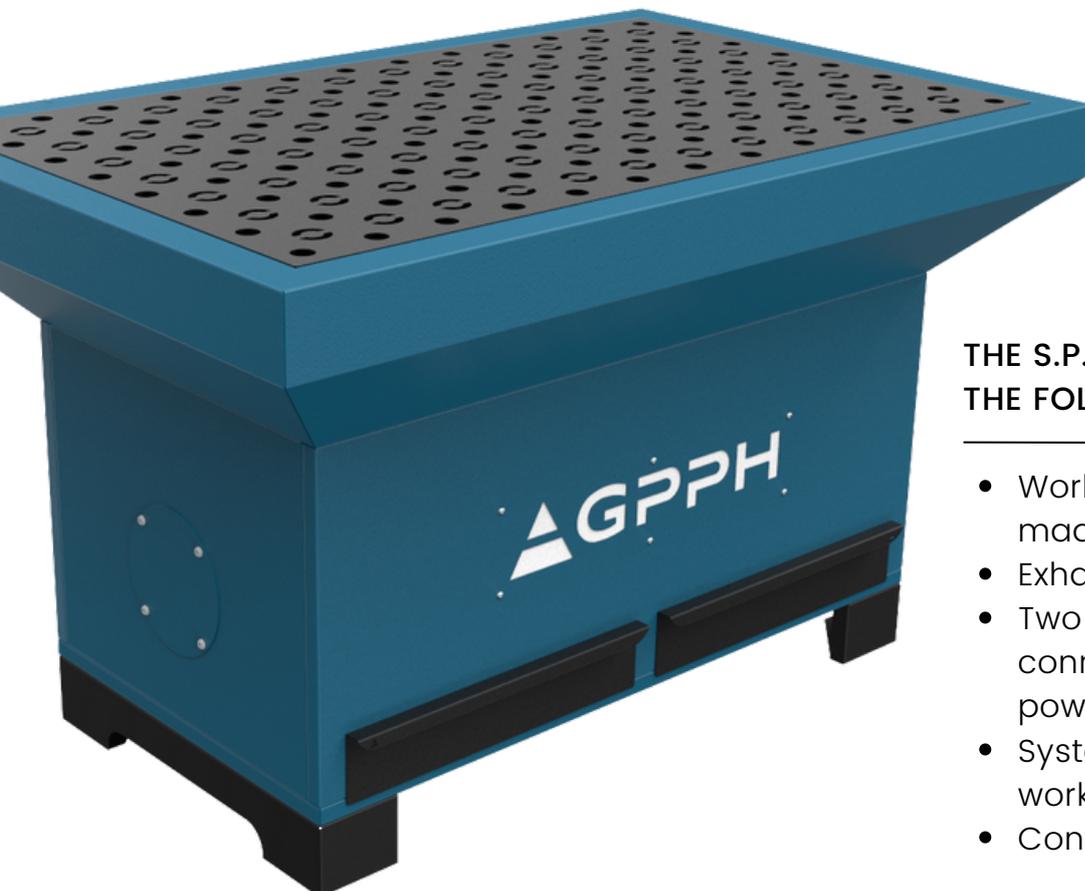

THE S.P.001 STATION CONTAINS THE FOLLOWING COMPONENTS:

- Working table with a worktop made of 8 mm sheet
- Exhaust trough with drawers
- Two 230V plug sockets for connection of electrical power hand tools
- System for connection of workspace lighting
- Connector for exhaust hose

TECHNICAL PARAMETERS – BASE WITH GUARDS

FEATURES – BASE WITH GUARDS:
S.O.001 | Cat. No.

- Working surface guard
- Tilting doors – components of length exceeding the width of the table (1400 mm) can be placed on the working table
- Connector Ø160mm installed in the side surface of the exhaust trough
- The air may be exhausted from the bottom through the table of exhaust trough
- Worktop made of 8mm sheet of the dimensions 1270x770- assembly holes in the grid 100x100 of system 28 and additional holes for the exhaust for dust and gases
- Weight: 190 kg
- Recommended air flow: 3200 m3/h
- Resistance of flow: 250 Pa
- Net price: 2 700 €

THE S.O.001 STATION CONTAINS THE FOLLOWING COMPONENTS:

- Rear guard
- Tilting doors on the right and left side
- Working table with a worktop made of 8 mm sheet
- Exhaust trough with drawers
- Two 230V plug sockets for connection of electrical power hand tools
- System for connection of workspace lighting
- Connector for exhaust hose

TECHNICAL PARAMETERS – BASE WITH TOP EXHAUST

## FEATURES – BASE WITH TOP EXHAUST:
S.OG.001 | Cat. No.

- Working surface guards
- Top exhaust system
- Tilting doors – components of length exceeding the width of the table (1400 mm) can be placed on the working table
- Connector Ø160mm installed in the side surface of the exhaust trough and top surface of the housing
- The air may be exhausted from the bottom through the table of exhaust trough and from the top through the holes in the housing.
- Worktop made of 8mm sheet of the dimensions 1270x770 – assembly holes in the grid 100x100 of system 28 and additional holes for the exhaust for dust and gases
- LED lighting
- Weight: 264 kg
- Recommended air flow: 3200 m3/h
- Resistance of flow: 250 Pa
- Net price: 3 220 €

THE S.OG.001 STATION CONTAINS THE FOLLOWING COMPONENTS:

- Working table with a worktop made of 8 mm sheet
- Exhaust trough with drawers
- Top exhaust system
- Tilting doors on the right and left side
- Two 230V plug sockets for connection of electrical power hand tools
- Work area lighting system

PROFESSIONAL CHEMICAL PRODUCTS FOR WELDING

PROTECT WELDING WORKSTATION

PROTECT welding workstation - professional preparation protecting welding tables against spatter and corrosion. The preparation protects welding stations by leaving a unique, durable protective layer. The welding tables remain spatter-free, which translates into more precise, comfortable, and orderly work. The use of PROTECT considerably protects the equipment against the effects of regular exploitation. For the best results, we recommend applying the product with the GPPH CHEM Sprayer.

Price list:

PROTECT WELDING WORKSTATION 250ML (CONCENTRAT) - tester
G.002 | Cat. No.

6 €

PROTECT WELDING WORKSTATION 1L (CONCENTRAT)
G.002A | Cat. No.

17 €

PROTECT WELDING WORKSTATION 5L (CONCENTRAT)
G.002B | Cat. No.

69 €

SHIELD AGAINST SPATTER

SHIELD against spatter - professional anti-spatter product used to protect against the penetration of spatter on the welded surface. The preparation saves time as the need to remove spatter during work is significantly minimized. SHIELD contains corrosion inhibitors that protect the sheet surface against flash corrosion. For the best results, we recommend applying the product with the GPPH CHEM Sprayer.

Price list:

SHIELD AGAINST SPATTER 250ML (CONCENTRAT) - tester
G.003 | Cat. No.

37 €

HD CLEANER FOR METAL SURFACES

HD CLEANER for metal surfaces - professional dirt cleaning agent, distinguished by high efficiency in cleaning steel materials. Effective due to a uniquely developed recipe, and the concentrated formula translates into high efficiency. Flawlessly copes with stubborn dirt, leaving the surface free from contamination. HD CLEANER contains corrosion inhibitors. For the best results, we recommend applying the product with the GPPH CHEM Sprayer.

Price list:

HD CLEANER FOR METAL SURFACES 250ML (CONCENTRAT) - tester

GPPH CHEM SPRAYER

GPPH CHEM Sprayer is the best solution for the application of GPPH CHEM professional preparations: preparation protecting welding tables against spatter and corrosion (PROTECT welding workstation), anti-spattering product (SHIELD against spatter), and cleaning agent (HD CLEANER for metal surfaces).

SPRAYER CHARACTERISTICS:

- 360° SYSTEM - spraying in any position of the tank
- SUPER DOUBLE ACTION POMP - the ability to spray both when you press and release the pump lever
- ADJUSTABLE NOZZLE - regulates the degree of spraying the liquid from mist to continuous spray
- LIQUID LEVEL SCALE – makes it able to check the fluid level in the tank
- FPM SEALS - high chemical resistance ensuring long and failure-free operation
- STABILIZING RING (bottom of the sprayer) – stabilization and protection of the tank against mechanical damage
- sprayer capacity (l): 0,5l
- full cycle flow rate (ml): 3ml
- sprayer weight (kg) (no liquid inside): 0,14kg

ORDER DOES MATTER

GPPH TOOL TROLLEY
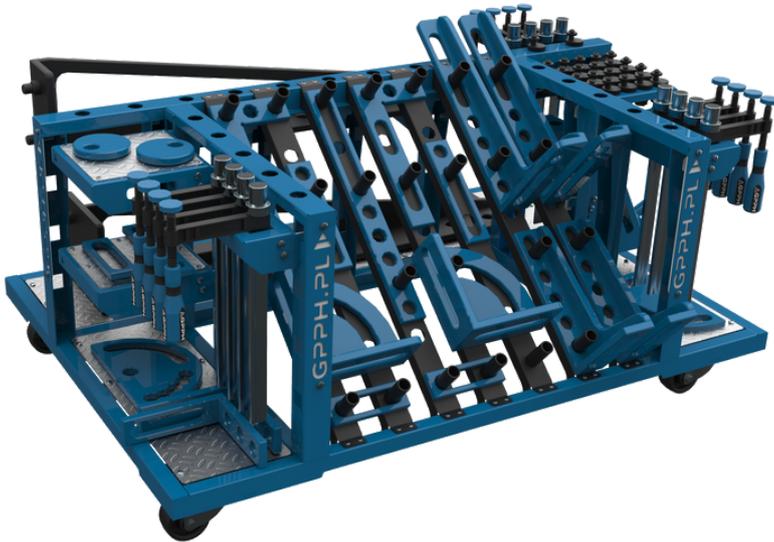

One of the many advantages of the small tool trolley is that it fits under most dimensions of GPPH Welding Tables. You have all the tools at your fingertips while working!

Net pice: 669 €

T.012B | Cat. No.

The large GPPH tool trolley will accommodate a set of tools even for the most demanding user! Thanks to it, your workplace will become transparent like never before, and GPPH tools will be clearly arranged and more accessible.

Net price: 669 €

T.012A | Cat. No.

THANK YOU FOR YOUR TIME SPENT ON ACQUAINTING WITH OUR OFFER

WE HOPE FOR LONG-LASTING AND SUCCESSFUL COOPERATION.
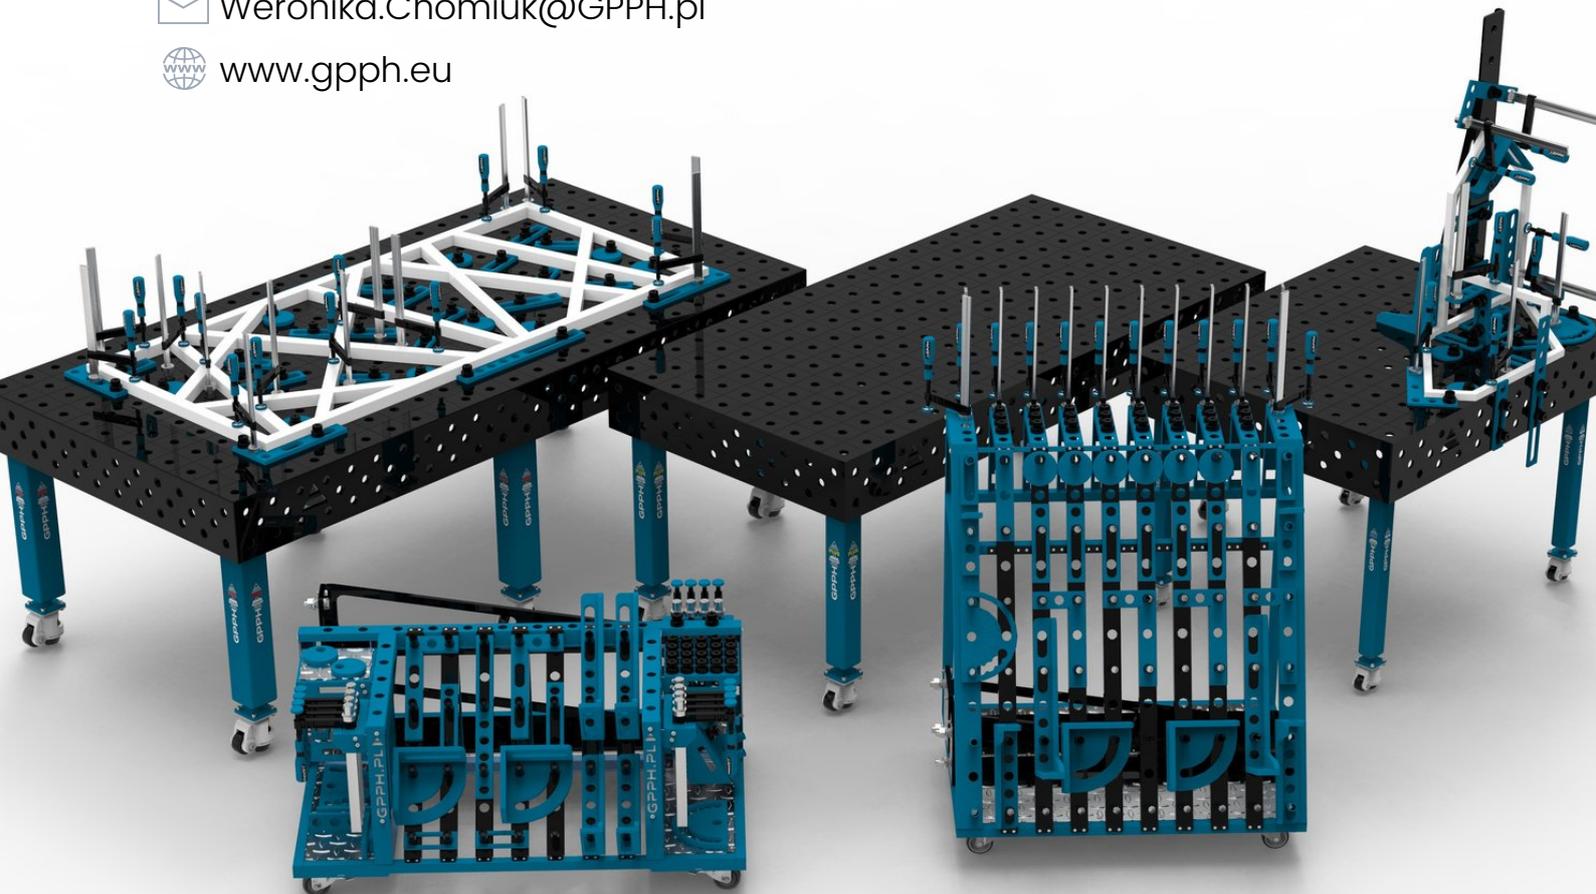

IN CASE OF ANY QUESTIONS, I OFFER HELP AND EXPERTISE.
